

POPULAR VINTAGE CARS MAKE RETURN TO FEST

Vintage Racing has become a series of its own in recent years. Seen at other area tracks, these historic vintage cars made their first visit to LaCrosse's Oktoberfest. While celebrating today's racers, it is important to revisit from time to time the evolution of short track stock cars. What a better way than get a bunch of old race cars together and put them on the track

at once. Last Year's race saw Chris Loberg jump out to an early lead, and fans watched Ken Hutchens close the gap lap after lap until the checkers, only to end up a half car length short of victory. #15 Chris Loberg took the win.

SUNDAY, OCT. 11TH!
